

MOTOTRBO™ XPR™ 7580e IS

SAFE AND STRONG

When your job demands the most of you, shouldn't you demand the most of your radio? With the new CSA157-certified MOTOTRBO radio, you're safer, tougher and more productive. The XPR 7580e IS is designed for the skilled professional who requires maximum protection with an Intrinsically Safe radio.

SAFE

In challenging work environments, nothing is more mission-critical than keeping your people safe. The XPR7580e IS is rugged and durable, designed to meet the highest CSA rating. This IP68 rated radio is protected from rain, splashes, and accidental submersion, so you can be confident it will survive many years of hard use.

TOUGH

The robust volume paired with the large buttons and channel knobs on the XPR7580e IS mean you won't have to remove your protective gloves to use it. The large 5-line color display and bright LED show battery

life, text messages, signal strength and your current talkgroup. The screen even has a day/night mode to preserve your vision in low light conditions. And the prominent orange emergency button provides a one touch call for assistance when it is necessary.

PRODUCTIVE

Everything about the XPR7580e IS is designed for worker safety and productivity. A loud, clear speaker ensures messages get through even in the noisiest environments, and the innovative Intelligent Audio feature automatically increases the volume when it senses high background noise levels. Integrated Wi-Fi® enables remote software updates, and indoor and outdoor location capabilities give you total visibility of your resources.

WHAT'S NEW?

- Integrated accelerometer for optional Man Down
- Bluetooth® 4.0
- Indoor location tracking
- Integrated Wi-Fi®
- Over-the-air software updates
- Enhanced audio quality
- Battery life up to 16 hours
- Better ingress protection (IP68)

SMART ENERGY

Motorola Solutions' patented IMPRES Battery Chargers give you the most accurate information on the state of your battery so you know it's fully charged to last the entire shift.

CARRY SOLUTIONS

However you choose to wear or carry your radio, we have a solution for you. Choose from leather cases, belts, belt clips, bags, straps, pouches and more.

SCREEN PROTECTORS

In ultra-harsh environments, your radio's screen can get scratched and scraped. Keep it clear and readable with these durable pre-cut screen protectors.

REMOTE SPEAKER MICROPHONE

Improve usability with a Remote Speaker Microphone (RSM). Choose from standard, heavy duty and noise-cancelling models, with or without secondary earpiece connector.

SECONDARY EARPIECES

For all-day comfort, choose from our range of secondary earpieces that can be attached to the Remote Speaker Microphone (RSM).

HEADSETS

In a noisy workplace, you need to protect your workers' hearing. When your workers require noise reduction to help them stay productive, our headsets can help.

For more details on XPR 7580e IS accessories, please download the XPR 7580e IS Accessory Brochure.
